GRANDSON OF HENRY CLAY IS DEAD.

Lexington, Ky., April 8.—Thomas H. Clay, son of Thomas H. Clay and Mary Mantelle, died at his residence near North Mill street Monday at noon.

Mr. Clay has been ill of acute Bright's disease for the last two weeks, and for the last week his family have been exceedingly anxious about his condition though not until Sunday was hope of his recovery abandoned.

In spite of the skill of the best physicians and the loving administrations of his family, his condition steadily grew worse, and he sank gradually to rest.

His brother, Capt. Harry Clay, of Rogersville, Tenn., one of the most prominent citizens of Tennessee, and his daughter, Mrs. Cogswell, of Boston, Mass., came to Lexington last week called by the news of his illness, and he was, therefore, surrounded by all the members of his family when he died. He is survived by his wife and three daughters, Mrs. Cogswell, Misses Henrietta and Nannie Clay.

Mr. Clay was the grandson of Henry Clay, and thought by many who knew the Great Commoner to bear a striking resemblance to his grandfather in face, figure, manner and mental characteristics. He has been for sometime engaged in the loving task of writing a life of his grandfather, and those familiar with his qualifications for this work looked forward to its being the best life of Henry Clay ever written.

PNEUMONIA'S DEADLY WORK

had so seriously affected my right lung," writes Mrs. Fannie Conner of Rural Route No. 1, Georgetown, Tenn., "that I coughed continuously night and day and the neighbors' prediction—consumption—seemed inevitable, until my husband brought home a bottle of Dr. King's New Discovery, which in my case proved to be the only real cure. When all other remedies utterly fail, you may still win the battle against lung and throat troubles with New Discovery, the real cure. Guaranteed by all druggists. 50c and \$1. Trial bottle free.

HOW TO AVOID APPENDICITIS.
Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. Chas. C. Davis.

A brief by ex-President Grover Cleveland on behalf of the Association of Life Insurance Presidents against proposed legislation to put limits on the salaries of insurance company officials has been made public. Mr. Cleveland asserts the proposed legislation is unreasonable and unconstitutional.

What is it that tastes as sweet as maple sugar and quickly relieves coughs and colds? Mothers who have used it will quickly answer: "Kennedy's Laxative Cough Syrup." The pleasant colic remedy that expels the cold through its laxative action on the bowels. Conforms strictly to the Pure Food and Drugs Law. Contains no opiates. Sold by Chas. C. Davis.

DISASTROUS WIND STORM

Sweeps Over Southern Part of Rockcastle.

Many Houses and Barns Torn Down.

The most disastrous wind storm that has ever visited Rockcastle county, passed over the Southern part Sunday afternoon, completely demolishing everything in its course. The storm is supposed to have started just beyond Plato in Pulaski county, as the first damage done according to reports, was at Africa, the negro settlement in Pulaski which according to reports is almost equal to the San Francisco disaster. At Plato, W. H. Bussel had quite a lot of lumber on sticks, which was scattered almost to the four-ends of the earth. Continuing East, we give the wrecks in order as reported to us: Sam Childress' barn blown down, Mrs. Rigney's barn a total wreck, Reed Mize's barn, and crib torn down. Leaving here it passed over what is known as Kincaid ridge, demolishing Summer Smith's residence, tearing down the barn and crib of Mitchel Norton, also killing two good horses for him and the rub bish blown from the barn against the kitchen of his residence, came with such force, that it was partially destroyed. Tom Evans house moved about ten feet off the foundation and barn blown down. Crates Evans was considerably damaged, Parks Reynolds does not have a dwelling left on his farm.

Passing over to East Fork of Skaggs creek, Sod Rowe lost his barn, Logan McKinney's barn, corn crib, kitchen, one mule killed and tore up his fine young peach and apple orchard; W. M. Kincer residence blown down and his

daughter slightly injured; second story of W. M. Mink's residence moved to some other location. Passing over to Long branch, the next to sustain loss, Milt Payne, dwelling blown down, chimney to Harve Rowe's residence fell, some of the rocks striking Dave Barnes and rather seriously injuring him; store house of Wesley Mink blown down; Joe Doan's barn blew away, one hog killed and a fine mule crippled. With a slight damage to buildings on Harve Mink's farm the storm passed over what is known as Sand Hill and no further damage from it reported. The storm was about twenty miles long and varied from two to seven miles in width. All fencing and a large amount of timber were blown down from start to finish.

Rest is the great restorer. We tire our muscles by exercise and then rest to restore them; yet a great many of us do not stop to think how little rest we give to our stomachs. As a usual thing no part of our bodies is so generally overworked as our digestive organs. A tired and overworked stomach will give signs of distress to which we pay no heed until at last Dyspepsia takes hold. Indigestion is just a warning, and if we heed the warning we can easily avoid further consequences. KODOL is a most thorough stomach relief. It digests what you eat and gives the stomach needed rest and greatly assists in restoring it to its normal activity and usefulness. KODOL is sold on a guarantee relief plan. It is sold here by Chas. C. Davis.

A Washington scientists claims that he has found a way of making whiskey without a worm. What is really needed, however, is something that will eliminate the snakes.

When your back hurts it is almost always a warning from your kidneys. When your kidneys are wrong there is nothing so good as the use of DeWitt's Kidney and Bladder Pills. They assist the kidneys. Sold by Chas. C. Davis.

Very few people comparatively have any adequate idea of the immense cost of producing a modern daily newspaper, particularly in the large cities of the country. Some authentic figures on the subject have recently been made public and will doubtless occasion surprise to the uninformed. The "composition" [printers' weekly pay roll] for instance on the Baltimore American is \$2,000; on the Boston Globe, \$4,200; on the Globe Democrat, \$3,000; on the New York Herald, \$4,000; and other papers in proportion. Bills for special telegrams are another big item of expense. On the Chicago Herald a few years ago they run to \$4,500 per month; St. Louis Globe Democrat, \$5,200; San Francisco Examiner, \$8,000; Boston Herald, \$6,000 and St. Louis Republic, \$4,000. Then there is the white paper bill which is greater than the others combined. On the New York World it is said to run \$700,000 per year and on the New York American about the same; on the Chicago News about \$250,000 and on the Boston Globe and Herald about \$350,000 each; on the Enquirer about \$300,000, and on many other papers it runs from \$100,000 to a quarter of a million dollars every twelve months.

"Why is it that nearly everybody who attends church like to sit in the end of a seat and hold onto it like grim death and ever person who gets a birth in that pew must stumble over them." Well we confess we do that sort of a thing. It is to get out quickly in case of fire—we sinners are quite strongly reminded of fire, flames and brimstone that is pursuing us, and we can't tell just exactly when it is going to come. We want to be in position to make a quick get-away.

MISS MAMIE JONES TELLS OF HER VISIT TO NEW YORK.

On leaving Mt. Vernon at 12:24 a. m. Sunday, February 23rd, I arrived at Cincinnati, Ohio, at 8:15. Taking the B. & O. route from there, I passed through the Allegheny mountains and visited the beautiful city of Washington, the capital of our country.

Going on through Baltimore and Philadelphia I arrived at Jersey City at 12:30, Monday the 24th; taking 23rd Street Ferry for New York; going up Broadway to 65th street to the home of my brother, William O. Jones.

P. Morgan, E. H. Harriman, Rogers, etc. I also visited Central Park which occupies a space of three miles in the heart of the city.

The largest library is on 5th avenue.

I was taken to the Brooklyn navy yard, crossing Brooklyn bridge, we went aboard the battleship Virginia, returning by the V. M. C. A., a home for the boys of the U. S. Navy, built by Miss Helen Gould, who takes a special interest in the young men of the navy.

I was taken for a trip on the water to Staten Island, passing the statue of Liberty.

I was through Wall Street, seeing the Stock Exchange, J. P. Morgan's office; going through Park Row you see the tall buildings, such as Times building, New York World, Flat Iron buildings. Some other points of interest are Hall of Records, City Hall, Tammany Hall, Madison Square Garden, the Tombs, Chinatown, Trinity church, Grand Central Station, River Side Drive, with Grants tomb, soldiers and sailors monument, Metropolitan Museum of Art, Catholic Cathedral, Bronx Park, Maiden Lane, Elevated railway, subway, Skating rinks, Waldorf Astoria hotel. Going through the shopping district where all was made beautiful for Easter, the largest store being Macy's, on Broadway at 6th avenue, the largest store under one roof in the world, the floor space occupying 24 acres with 5000 employees.

I was taken on a touring trip through the city, all being explained; also saw some of the best theaters in the city: The Lion and the Mouse, The Great Divide, Man of the Hour, The Manhattan Opera. Was taken to the Lafayette Avenue Presbyterian church to hear Rev. Cleland B. McAfee preach, who was at one time President of Park College. Returning by Buffalo to my home in Kentucky, which to me is best of all.

George Owens proprietor of Mt. Vernon Monumental works, has just finished a monument of Rockcastle free stone. It is a work of art and the material takes on a high polish. The monument of Jonathan S. Laugford, erected in Elmwood cemetery, Mt. Vernon in 1832, is made of this stone. The lettering to day on this monument is perfectly legible and clear cut and stone is in splendid state of preservation. Mr. Owens has closed a contract for a monument weighing something like 5,000 to be shipped to Kansas for a Kentuckian burial at Topeka. It will be made of Rockcastle Free stone.

We overlooked the item in our last issue of the assault on Tom McClure by Bob Lee and a man by the name of Bullock. For some time there had been a bad feeling existing between McClure and Lee, McClure having once been a witness against Lee in the Federal Court on a whisky charge. Last Sunday evening one week ago, these three parties met and to make a long story short, what Lee and Bullock did for McClure was a plenty. The principal weapon used was a rock, but it was used to a finish. There were between twelve and fifteen slashes cut on McClure's head and face, from one to two inches long and some cut almost to the skull. All the parties were drinking. Lee and Bullock are in jail. McClure is rapidly recovering from the injuries.

Mr. George E. Painter has in his possession a clock which was the property of his father-in-law, Judge J. G. Carter, now deceased. The old clock is as good as ever and last Tuesday night as it struck eight, memories went back just forty years when it struck the same hour a few minutes before Mr. Painter was united in marriage to Miss Mary Carter. Mr. Painter was married in Campbell county, Ky., moved here soon after and has been on the old farm ever since. He is 62 years of age; Mrs. Painter is 59. Six children have been born to them: Jim, now at home on the farm, Mrs. Viola Newland, wife of Conductor John Newland, Mrs. Nellie Rice, wife of Conductor E. C. Rice, Mrs. Lizzie Swinford, wife of W. C. Swinford, barber, all of Lebanon Junction. Mrs. Charlotte Jarrett, wife of L. L. Jarrett, deceased, and Ernest, who was killed while a freight brakeman 9 years ago. Mr. and Mrs. Painter are devout members of the Baptist church. Neither of them show a great age, and each bid fair for many years yet to enjoy the union which began forty years ago on "Dead Timber" in Campbell county.

Harry K. Thaw is a free man. Born to the wife of Rev. James Riddle a fine boy baby.

The case of Bob Lee for the assault on Tom McClure is now before the court. The jury, in the case of Freddie Darham, aged 15, charged with attempted rape on a ten year old girl, seems to be hopelessly hung.

The baby of Mr. and Mrs. John Noaks died Monday and was buried Tuesday afternoon. The sister of the baby, a very small girl, was carrying the child around on the porch and dropped the child, letting it fall to the ground causing injuries which resulted in its death.

Livingston item:—The Rockcastle Medical Society met here last night. After carrying out the program as arranged, a big banquet was given at the Rice House. Drs. Lovell, Southard, Laswell, Lewis and Gravelly were the visiting physicians. Drs. Childress and Webb our local physicians left nothing undone to make the meeting a most pleasant and profitable one.

The jury returned a verdict yesterday afternoon of two years in the case of Joe Norton for the killing of James and Harlan Arnold. The case went to the jury about 3 o'clock Wednesday and yesterday morning about 10 o'clock, the jury announced that they wanted to report, at which time it seemed to be hopelessly hung there being six for acquittal and six for conviction ranging from five to twenty-one years. The jury was returned to the room, to reconsider the case, reporting again at 4 o'clock yesterday afternoon with a compromise verdict of two years. While we have no report from the defense as to what action will be taken, but we take it that the case will be appealed.

The Grandjury of Rockcastle county for the March term of court 1907 respectfully reports; that upon examination of the county buildings we find that they are well kept so far as the jailer's work or duty is concerned. We respectfully ask the Fiscal Court to make the following improvements or changes in the prisoners rooms of the jail:

1st. We find that the windows should be so changed to admit more light and secure better ventilation.

2nd. We believe in treating persons confined in jail like human beings. We do not believe that it

is possible for the jailer to keep the room in proper state of satisfaction in the condition the building is at present.

3rd. We believe that the prisoners are entitled to sufficient light in their room not to require a burning lamp in the day time.

4th. We believe that the building needs some ventilation by means of open shafts or pipes from the lower rooms out through the roof to carry off the smoke and impure air.

5th. We would also ask the Fiscal Court to make a door in the rear end of the hall in the court building.

6th. We recognize the late improvements of the water works as a much needed and wise provision. We also ask the County Judge to furnish the offices in the court building with better chairs.

We examined 190 witnesses and returned 112 true bills.

J. E. BLACKMAN, Foreman.

THE REPUBLICANS OF ROCKCASTLE COUNTY:

I am a candidate for Jailer of Rockcastle County subject to the Republican Party:

I have never before asked for any office. I was born in this county in 1862 and since becoming of age I have affiliated with the Republican Party. I promise now that if elected I will make you an officer that will be of credit to myself and to the people of this county at large. I favor a primary election as I think that it comes nearer getting to the home of every voter in the county. I think that I may be able to meet with as many voters as possible before the primary which is to be set at some future date. I am yours for success, Wm. Barnett, Withers, Ky.

A special from Somerset dated the 10th, says:—Judge M. L. Jarvis, Circuit Judge of this judicial district, had a narrow escape from being assassinated while waiting for train at Junction City. He had gone to Junction City to meet his wife, who was on her return from Williamsburg, and when he entered the waiting room of the depot at Junction City, he recognized in the person of a drunken individual a noted desperate character, whom

he had prosecuted, while County Attorney of Clinton county Ky., and whom he had, in his official capacity, succeeded in driving from the State. The desperate fellow had threatened his life if they ever met, and he and his wife retired to a nearby hotel to await the arrival of the train. When they attempted to board the train, the Judge saw the drunken character standing alongside the train with a huge revolver in his hand, as if waiting for his man. Changing positions quickly, the Judge and his wife boarded the train from another point and kept out of range of the drunken desperado. Being thus foiled of his evident intention of committing murder, he boarded the train as it pulled out. Judge Jarvis naturally feels a little uneasy lest he be taken unawares or way laid by this individual, who may turn up at any time, as it is not known just where he left the train.

Dr. Simon Flexner, of New York who has discovered a serum to prevent and relieve cerebro-spinal meningitis, has offered to come to Kentucky to try to check the epidemic of this disease which is causing many deaths in Harlan. His offer probably will be accepted, and this will be the first time the serum has ever been used in an epidemic.

Harry K. Thaw's case was given to the jury at 5:17 o'clock Wednesday afternoon, but at a late hour no verdict was reached, and Justice Fitzgerald ordered the jurors locked up for the night. The entire session Wednesday was devoted to Mr. Jerome's argument for the prosecution, and to Justice Fitzgerald's charge to the jury. Mr. Jerome mercilessly assailed Thaw in his speech and characterized the killing of Stanford White as a "common cowardly tenderloin murder." In concluding his charge to the jury, Justice Fitzgerald said that Thaw might be convicted of murder in the first degree, in the second degree or of manslaughter in the first degree. If acquitted on the ground of insanity the jury might state that ground in its verdict. He said that if Thaw knew the nature or quality of his act he committed a crime. The burden of proof of sanity Justice Fitzgerald placed on the defense. Irresistible impulsion, he said, had no place in the law. The

defense attorneys noted several exceptions to the charge on the ground that the court had declined to include in it several of their suggestions.

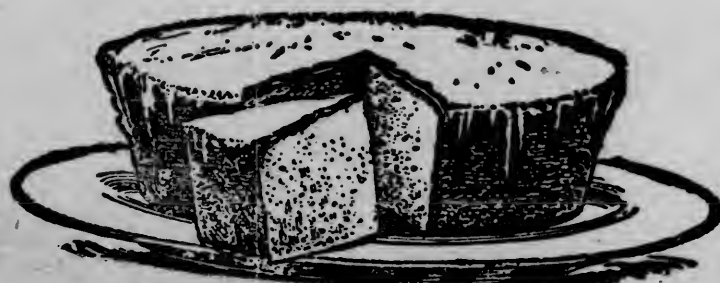

Representative Nicholas Longworth in an interview given out in Cincinnati Wednesday, declared himself for Secretary Taft for Republican nomination for President.

"THE OLD WORLD AND ITS WAYS"

Col. William Jennings Bryan an-
 nounces a new book of travel entitled
 "The Old World and Its Ways,"

which recounts his recent tour
 around the world and his journey
 through Europe. It is profusely
 and elegantly illustrated with 240

artistic engravings representing
 men and things seen in the various
 countries of the earth during that
 noted journey. The engravings

are made from photographs taken
 by him or his party specially for
 this publication. It is the most

mental literary work of his life, and
 it is published under his special
 personal supervision. He has by

special contract with his publishers,
 made the retail prices low down
 with the view to putting it within

the easy reach of every reader of
 books and every man or woman
 who thinks. The book gives his

experiences—what he saw and
 did—whom he met and his impres-
 sion and conclusions. He made a

profound study of men and things
 as he saw them in this noted jour-
 ney around the world. He gives

governmental, educational, religious
 and other conditions, from the
 standpoint of a student and one

profoundly interested in the people
 of the earth, wherever distributed.
 While Col. Bryan traveled as a

private citizen he went with the
 prestige of having made two mem-
 orable contests for the Presidency

of the United States, and he was
 recognized and entertained as a
 great representative American,

having a leading part in the direc-
 tion of American affairs. He was
 given opportunity for observation

and for ascertaining facts and con-
 ditions never accorded to any one
 traveling in private capacity.

It one wants to see the world,
 and the people who are at the head
 of affairs in all countries, as well as

the masses, he has in this book an
 opportunity of seeing them through
 the eye of Col. William Jennings

Bryan. It is sold by subscription.
